

## CWEA Highlights

### 2019 CWEA/CSAWWA JOINT SPRING MEETING

This year's Chesapeake Water Environment Association (CWEA) and the Chesapeake Section of the American Water Works Association (CSAWWA) joint Spring Meeting was held on Thursday May 9, 2019 at the Walden Country Club in Crofton, Maryland. The technical sessions were focused around 'Hot Topics of One Water' where the value of water was discussed through multiple water-related topics. By focusing on water-related hot topics, any water topic could be discussed providing inclusion to all water disciplines including storm water, wastewater, water reuse, water treatment, nutrients, water quality, protection of water resources, etc. And by having CWEA and CSAWWA join forces, a variety of industries distributed throughout the DC/Maryland/Delaware region were invited to come together, network, and learn about relevant regional and global water topics.

### CWEA STUDENT DESIGN COMPETITION

#### CONGRATULATIONS TO JOHNS HOPKINS UNIVERSITY!

The student design competition presentations were also held at the CWEA/CSAWWA Joint Spring Meeting. This year two teams from Johns Hopkins University Whiting School of Engineering vied for the honor to represent CWEA at the National Student Design competition held at WEFTEC each year. JHU Team 2, which provided a stormwater design analysis for Fort Meade, passed the gauntlet of CWEA member volunteer evaluators to emerge victorious. The student design competition committee is always on the lookout for additional schools to compete in this event each year, if you know of any or have interest in assisting please let us know.

### ED NORTON GOLF TOURNAMENT

The 14th Annual Ed Norton Open - A Gary Wyatt Memorial Tournament was held on June 27th at the beautiful Baltimore County owned Woodlands Golf Course.

*A Big Shout Out to Kraig Moodie and his subcommittee for all their hard work in making the day as success!*

*This year over 100 attendees enjoyed a beautiful day of golf, camaraderie, and good food. CWEA President Ellen Frketic joined in the fun and drove the course cheering on the teams. Once again Gary's widow Joanne was able to join us for the luncheon and awards ceremony and was joined by her daughter and two grandchildren that helped with the raffle prizes.*

Proceeds from the event go to help support the FWQA (Federal Water Quality Association) scholarship for a student continuing their education in the water environment field. You can go to <https://photos.app.goo.gl/nisvK8UYRdxZn2G6> to see more photos of the day!

### Proposed Slate of CWEA Officers for 2019-2020

The proposed slate of officers for the 2019-2020 CWEA year that begins at Tricon was approved at the June 6th Board Meeting.

**Utility Member Representative: Jessica Shaio**  
**Delegate: Tim Wolfe**  
**DC Trustee: Gary Moore**  
**Treasurer: Alan Will**  
**Secretary: Cheryl Paulin**  
**Vice President: Gian Cossa**

If you would like to nominate yourself and/or another candidate for inclusion on the 2019/2020 officer election ballot, please complete the [Nominations Form on the CWEA website](#) by July 10, 2019. Candidates must be a CWEA member in good standing and must have served on a CWEA committee for a minimum of two years during the most recent five years to be included on the ballot. The electronic nominations process serves to replace the traditional floor nominations that previously occurred during the CWEA Business Luncheon during the Tri-Association conference. Electronic ballots will be distributed to CWEA members in early August.

## News From WEF

### Early registration special savings end July 12th!

Build relationships  
with water industry  
leaders *and*  
make a positive  
impact on the  
water environment.

The mission of The Chesapeake Water Environment Association is to improve water quality and protect the environment in the Maryland, Delaware and Washington DC area. This is accomplished, with the support of our members, through the exchange of technical and scientific information in the form of seminars, luncheons, webinars and conferences.

## Partner News

### VA BEACH TRAGEDY FUND

Many in the water industry have expressed the desire to financially support the victims' families and the survivors and to let them know how much support is specifically coming from the greater water industry and how important that all of those effected are to the rest of us.

***"Virginia Beach has asked United Way of South Hampton Roads to be their partner on creating a fund for the victims. 100% of the funds raised will go to the victims affected by this senseless tragedy in our community."***

**To Donate please visit: [unitedwayshr.org/vabeach](http://unitedwayshr.org/vabeach)**

Thank you in advance for your support!
