Our Sponsors Make a Difference!

Whatever the level or event our CWEA make a big difference! Only through sponsorship are we able to accomplish all that we do. Did you know that while some committees are able to charge for their events we have many more that enhance our water profession (current and future) by the money raised from our sponsorships? For example: Operators Challenge at both Tri-Con and WEFTEC, the Student Design Competition at Spring Meeting and WEFTEC, the Student Job Fair, our new Howard Student Chapter, the YH2O Mentorship Program with the City of Baltimore, Awards at Student Science Fairs and the Stockholm Junior Water Prize, webinars for CWEA Members, Operator's Short Course Support, the Stormwater STEM program, and more! We are only a little over halfway through the fiscal year with many activities and needs still ahead of us. Please consider supporting CWEA, at any level! As a 501(c) 3 it is not only an opportunity to showcase your support of the industry, but it is also a tax deduction. For more information on all of the various types of sponsorship please go to our website [\[click here\]](#) or contact Marlou Gregory marlou@chesapeakewea.org.
